

LANDSDALE
CHRISTIAN SCHOOL

Bright minds. Big hearts.

Message from the Principal

Landsdale Christian School is a community that emphasises excellence and holistic learning. Our Kindergarten to Year 12 structure fosters a sense of belonging and mentorship among students, creating a supportive atmosphere rooted in Christ-centred values. Dedicated staff actively contribute to this community embodying our commitment to positive and supportive education.

Our classrooms serve as dynamic spaces where personal interactions between students and teachers go beyond academics, instilling a genuine love for learning. The school programme combines academic strength with the development of students into spiritual leaders and trustworthy role models, preparing them for the challenges they will face. As prospective parents, we invite you to join the Landsdale Christian School community, where excellence, holistic learning, and a supportive environment converge to provide an outstanding educational experience for your child.

A complete K-12 learning experience.

Landsdale Christian School proudly provides quality, holistic education that is enhanced by the consistency and follow-up every child deserves in their K-12 educational experience. From inspiring wonder and a love of learning in the most enthusiastic explorers in Kindy, right through to empowering confident and assured young adults, Landsdale Christian School provides a safe and stimulating environment for all students to reach their potential. Their entire journey is framed in encouraging and growing personal excellence and opening every door and pathway for future success.

Our school boasts an experienced and highly professional team of educators that are specialists in their areas of

learning and pedagogy. Staff also share a common passion for infusing God's character into all areas of the educational programme in a way that grows and deepens with the students as they do.

Having a combined K-12 campus offers distinct and highly valuable opportunities at Landsdale Christian School. We believe that every child is uniquely gifted and was lovingly created with passions, dreams and a direction that is truly their own. Our campus allows opportunities to build an in-depth understanding of each student, so that they can be catered for on individual level and develop what makes them truly exceptional.

LANDSDALE
CHRISTIAN SCHOOL

We strive for excellence in academics

Academic excellence is woven throughout the Landsdale Christian School experience, by equipping our student cohort with knowledge and leadership skills. This all begins in the classroom where students are not only exposed to and encouraged to reach their potential in respective subjects, but through a diverse environment where students learn with others who come from different backgrounds. Our aim is to facilitate students in building a sense of confidence and mastery of their gifts and talents, and to equip them to apply this in realising their aspirations for the future.

Our teachers genuinely care.

Our staff accept that there is a story behind the story for every student attending our school. Therefore, we make it a priority to not treat our students as just another number but instead take time to compassionately listen to their circumstances and stories. We deliberately approach our students with a caring grace because we believe that we all are precious in God's sight—like His very own children!

We accept that our students will learn and grow from their mistakes (as we all do) and as such we choose to apply a

restorative care to our disciplinary process. Our teaching staff do more than educate to the best of our ability, we look for the gold in our students to affirm and encourage them to grow. Life is already hard enough as it is, and we are cognisant that the demand of a good education adds extra stress to our students and their families. We care for our students' wellbeing. So, we pause with them in good and challenging times. Intentionally, we endeavour to mentor them as best we can through their discomfort zones so they can connect with their true intent and an authentic heart.

Develop a love for Learning

We believe that children learn best when they feel safe and supported, and when they are given opportunities to build on their previous experiences and existing knowledge. We have a strong focus on helping children to build relationships: with their peers, with staff and most importantly with Jesus. Our Early Years program is designed to inspire and encourage children's development through play-based learning.

The experiences provided in the Early Years help children to love learning. Staff work with children to develop experiences that foster critical thinking, problem-solving, creativity and teamwork in open-ended play. Supported by staff, children can satisfy or extend their curiosity, use

their imagination, and experience the satisfaction and excitement of personal success and progress.

Learning takes place in a variety of contexts; in light-filled classrooms as well as in outdoor spaces that are targeted to their learning needs, including the natural bushland space on our own school site. We encourage children to develop respect for the environment by spending time immersed in nature.

Through a combination of explicit teaching and play based learning, the children in Kindergarten and Pre-Primary engage with the Western Australian curriculum, building a firm foundation for future learning.

LANDSDALE
CHRISTIAN SCHOOL

We are a welcoming school community.

Over the years we have had students of all ethnicities, abilities, and religions join Landsdale Christian School but what remains the same is our welcoming, Christ-centred environment.

Understanding and recognising the diversity of our students has helped us cultivate a safe and inclusive space for them to grow. By implementing a holistic approach in our classrooms, students can learn and work towards personal goals knowing they are being nurtured and supported by all staff. God created each student for a specific purpose, and we want to encourage each child to discover and develop their God-given potential.

ADVENTIST EDUCATION

Adventist Education is the largest Protestant schooling system in the world with 9489 schools, colleges and universities in over 100 countries with 111,360 teachers, educating 2,044,709 students each year.

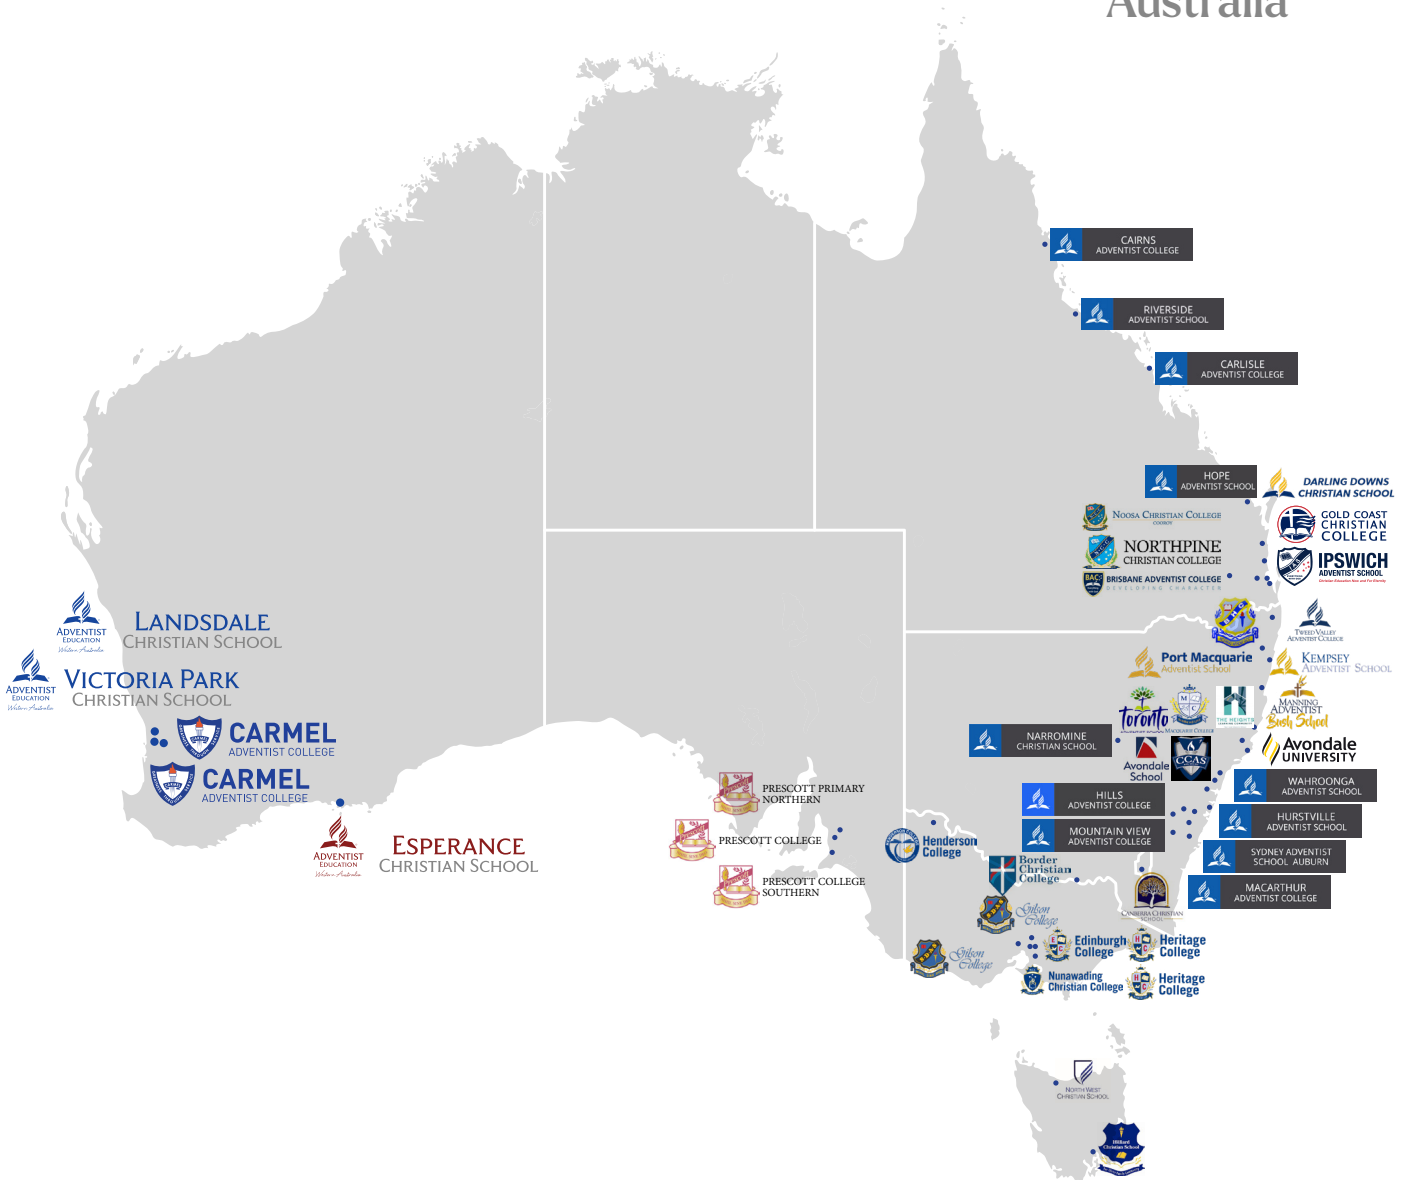

Today around Australia, our 48 schools and 13 early learning services are respected in their communities for providing authentic Christian education to nearly 17,000 students and young children from all sectors of the community.

The Seventh-day Adventist philosophy of education is Christ-centred. We believe that Jesus is the ultimate example of 'love in action' and He wants us to do likewise. As such, Adventist Education is a vital ministry of the Seventh-day Adventist Church and is committed to sharing God's life-transforming love.

Our schools and early learning services in Australia are non-selective, inclusive schools, open to all who want a Christian community that is caring, safe, values-based, and sets high academic standards.

Testimonials

“LCS is a school that deeply cares about children’s integral development. The small number of students in each classroom enables teachers to better identify weaknesses and strong points. We have had the opportunity to talk to teachers every time needed, and this has helped us to assist our children to reach their goals. LCS has a spiritual focus which is essential to face the challenges that adulthood will bring in their future.”

“Having been a parent of students, at Landsdale Christian School for 13 years now, I have watched the school go through considerable growth. Despite the increase in student numbers, the warm and welcoming environment of the school remains unchanged. Over the years my children have been given some wonderful opportunities for academic, spiritual and social growth, by a team of passionate, enthusiastic and Christ-centred staff.”

“15 years ago, my wife and I enrolled our daughters in Landsdale Christian School. I have been amazed and impressed at how every teacher knew them and contributed to their growth as a person, a Christian, and as an academic. The nurturing provided was something I’d never known through my experience in public schools, even though my teachers cared. The school has been incredible for both of my girls, including acceleration of my high academic achiever, and the development of leadership and mentoring to my daughter, the school captain. I can’t commend Landsdale Christian School enough to anyone that values their child to receive the nurture needed to be the best they can be as they traverse their formative and educational years.”

Testimonials

“I am a proud mum of 3 amazing boys who all attend Landsdale Christian School and have done so for almost 4 years. I have watched my boys mature and grow academically with the help and guidance of teaching staff and their peers. I’ve seen them thrive and make lasting friendships along the way; they love going to Landsdale Christian School. As a family we enjoy the fact the school is on the smaller side but watch the growth while they keep a close-knit family feel.”

“Our son had a very positive experience at Landsdale Christian School. As a new family to the school, we appreciated the kind and caring support we were shown by every member of staff we interacted with. The teachers engaged really well with our son, reflecting a well-balanced approach to his learning and encouraging him to do his best within a structured environment. This meant that our son enjoyed his time at school and achieved great results. His confidence and self-esteem have grown and he now even enjoys mathematics!

We only wish we had found Landsdale Christian School sooner.”

Flexible pathways for future careers

As your child plans for life after school, we offer flexible pathways for them to achieve their study and career goals.

In Year 10, Careers classes and two, week-long Workplace Learning placement gives students the opportunity to explore and experience jobs they are considering.

In Year 11 and 12, we work with you and your child to develop a customised study plan based on your child's goals, strengths and learning styles. In addition to achieving the Western Australia Certificate of Education (WACE), we prepare students for a successful transition to University, TAFE, employment and/or further training.

How to enrol

1 *Tour and Interview*

We invite you to book a personal tour of our school and conduct an interview to find out if LCS is the right school for your child. During this time you will have the opportunity to explore the campus and ask questions.

2 *Application*

An enrolment pack can be collected during a school tour or alternatively it can be posted to you. Please ensure that all forms are completed and returned to the front office along with the \$250 non-refundable enrolment fee.

3 *Acceptance*

If your application is successful, you will be sent a letter of acceptance.
